Sub : **Guidelines for Digital/Home based Education and Alternative Academic Calendar for the session ending in March, 2021.**

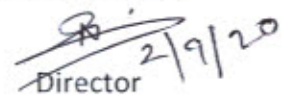

Sir/Madam,

As you are all aware that due to closure of schools since 16th March, 2020, a huge learning gap has taken place in the entire education system. In spite of the present situation and challenging crises our teachers are practicing the best possible ways to carry forward the process of educating the children through digital/ online mode or offline mode of communication. The best practices of our teachers in current scenario are highly commendable.

Ministry of Education (MoE), Govt. of India has published guidelines for Digital Education (PRAGYATA) and students' learning enhancement developed by NCERT. Education Department, Govt. of Assam has extended this academic session to March, 2021 and also published the SOP. Based on these different guideline, SCERT, Assam has developed a guideline for digital/home based education and an alternative Academic Calendar for this year ending in March, 2021 which was shared with all DEEOs, DPOs and Principals of DIETs through Video conference on 29.08.2020. This learning outcome and activity based guideline is attached herewith and expected to help teachers carry out the continuous learning of students of elementary level in a systematic way.

You are therefore requested to kindly forward this guideline to all elementary teachers in your district and support them in all possible ways to carry out the continuous learning of the students (class I-VIII) in a systematic way.

Yours faithfully,

Director
